Hello!

Here's what's to be heard in the way of new jazz releases on WXDU-FM. We have shifted our weekday jazz block up an hour to a 5-8 pm slot(Dinner and drive-time), and our jazz audience is still increasing. John Scofield recently gave a very well-received performance on the Duke Campus; we're anxiously awaiting a tentative appearance by the Darol Anger/Barbara Higbie Quintet, as well as this year's Mary Lou Williams Jazz Festival... The ol' alma mater has been fairly generous in providing us funds for back album purchases, and we need copies of your current catalogs plus info on any promotional purchase discounts, so that we can purchase as many of those very fine back issues as possible.

Thanks!!!

Bryce
